Sikagard SN-40 Lo VOC	Pail	Premium silane sealer for outdoor concrete and masonry structures. Suitable for vertical and horizontal applications. Penetrates the surface to create lasting protection against water, salts, and freeze/thaw damage.	Product Data Sheet
Sika Florseal WB-25	Pail	High-gloss water-based concrete floor sealer for interior and exterior use.	Product Data Sheet
Sika Florseal WB-18	Pail	Low-gloss water-based concrete floor sealer for interior and exterior use.	Product Data Sheet
Sikagard H1000	Pail	A clear, water repellent silane-based sealer that provides deep penetration.	Product Data Sheet
Krystol T1	Pail	Surface-applied crystalline slurry waterproof treatment that transforms new and existing concrete into a permanent waterproof barrier.	Product Data Sheet
Hydrostop Sealer	Pail	Silane-based penetrating sealer that forms a long lasting water resistance barrier to protect vertical concrete and masonry surfaces.	Product Data Sheet
Vocomp 20 WB Sealer Semi-Gloss	Pail	Water-based semi-gloss curing and sealing compound for concrete.	Product Data Sheet
Vocomp 25 WB Sealer Gloss	Pail	Water-based gloss curing and sealing compound for concrete.	Product Data Sheet
AR 701 VOC Sealer Gloss	Pail	Acrylic high gloss sealer for durable exterior concrete protection.	Product Data Sheet
AR 702 VOC Sealer Semi Gloss	Pail	Acrylic semi-gloss sealer for durable exterior concrete protection.	Product Data Sheet
Protec III LSF CHEM RX	Pail	Water-based penetrating concrete curing treatment that increases density, strength and chemical resistance. Leaves no surface film, making it ideal for flooring installations over finished concrete.	Product Data Sheet
Xylene	Pail	Strong solvent that thins oil based paints and epoxies, cleans tools and sprayers, and removes adhesives and waterproofing agents.	Product Data Sheet

Finishing Products	Unit	Description	Link
Sika AnchorFix-2020	Tube	Fast curing acrylate-based anchoring adhesive for securing rebar or bolts in concrete. Suitable for medium and heavy duty loads in both structural and non structural applications.	Product Data Sheet
Sikaflex-1A	Tube	One-part polyurethane non-sag joint sealant. Suitable for vertical and horizontal joints and works with large number of masonry and construction applications.	Product Data Sheet
Sikaflex-1cSL	Tube	One-part polyurethane self-leveling sealant. Suitable for horizontal joints in concrete and cementitious substrates.	Product Data Sheet
Top-Stop Horizontal Retarder	Pail	Water soluble surface retarder that exposes aggregate in horizontal concrete surfaces.	Product Data Sheet
Top-Stop Vertical Retarder	Pail	Water soluble surface retarder that exposes aggregate in vertical concrete surfaces.	Product Data Sheet
Top-Cast Retarder 5 Blue	Pail	Water based surface retarder for creating sand exposed aggregate finish.	Product Data Sheet
Top-Cast Retarder 3 Violet	Pail	Water based surface retarder for creating acid etch concrete finish.	Product Data Sheet
Spectrum 910 "cherry blast"	Pail	Liquid stamp release that is more tolerable to work with due to its "cherry blast" scent.	Product Data Sheet
Dark Gray Stamp Release	Box	Colored powder release agent used during stamped concrete work.	Product Data Sheet
Dark Brown Stamp Release	Box	Colored powder release agent used during stamped concrete work.	Product Data Sheet
Protec III LSF CHEM RX	Pail	Water-based penetrating concrete curing treatment that increases density, strength and chemical resistance. Leaves no surface film, making it ideal for flooring installations over finished concrete.	Product Data Sheet
Repair Products	Unit	Description	Link

Sika MonoTop-410F	Bag	One component, polymer modified, fiber-reinforced repair mortar . Good for horizontal, vertical and overhead concrete repair and reproofing.	Product Data Sheet
Sika PowerSet	Tube	Rapid-set two-part repair mortar for quick patching and gap filling in concrete and stucco.	Product Data Sheet
SikaGrout-212	Bag	High-strength, non-shrink cementitious grout for structural grouting applications. Works above, below and on grade and is good for interior and exterior use.	Product Data Sheet
Krystol Plug	Pail	Rapid-set hydraulic plug to instantly stop active water leaks.	Product Data Sheet
Krystol Repair Grout	Pail	Waterproof repair grout for cracks, spalls, and honeycombing in concrete structures.	Product Data Sheet
EZ Street Cold Asphalt	Bag	A polymer-modified cold asphalt used to repair asphalt and concrete.	Product Data Sheet
Pour N Restore	Bottle	Eco friendly oil stain remover effectively removes oil stains from concrete surfaces.	
Rebar Products	Unit	Description	Link
MST-BAR #1 10mm flatwork	20' length	Rebar for light duty flatwork in low-load applications.	Product Data Sheet
MST-BAR #2 10mm flatwork	20' length	Structural rebar for light duty flatwork applications.	Product Data Sheet
MST-BAR #3 10mm	20' length	Structural rebar for general duty concrete reinforcement in structural or slab-on-grade applications.	Product Data Sheet
MST-BAR #4 13mm	20' length	Structural rebar for medium duty use in structural elements like footings, beams and walls.	Product Data Sheet
MST-BAR #5 15mm	20' length	Structural rebar for heavy duty concrete reinforcement where high strength and longevity is required.	Product Data Sheet
MST-BAR 10mm corner	Item	Structural rebar 90° corner . Dimensions 24" x 24"	Product Data Sheet
MST-BAR 15mm corner	Item	Structural rebar 90° corner . Dimensions 24" x 24"	Product Data Sheet

Steel Rebar 10mm	20' length	Steel rebar for general duty concrete reinforcement	
Steel Rebar 15mm	20' length	Steel rebar for heavy duty concrete reinforcement	
Forming Tubes	Unit	Description	Link
Weathershield Forming Tube 8"	12' length	8"concrete forming tube for casting concrete columns.	Product Data Sheet
Weathershield Forming Tube 10"	12' length	10"concrete forming tube for casting concrete columns.	Product Data Sheet
Weathershield Forming Tube 12"	12' length	12"concrete forming tube for casting concrete columns.	Product Data Sheet
Tools	Unit	Description	Link
Milwaukee M18 Vibrator Kit	Item	Cordless concrete pencil vibrator kit for consolidating concrete in forms and tight spaces.	
Chapin Open Head Sprayer	Item	A 3.5 gallon concrete sprayer used for applying sealers, form oil, surface retarders, and other liquid products to concrete.	
Chapin Xtreme Sprayer	Item	A 3.5 gallon chemical resistant concrete sprayer with Xtreme seals and gaskets designed to handle high VOC products.	
Chapin Sprayer Repair Kit	Item	Seal and gasket repair kit for Chapin sprayers.	
Egg Beater Mixer 30"	Item	Steel egg beater mixer . Great for joint thinset, grout, and other concrete products. Works in 1/2' or larger drills.	
Unomixer 5" x 30"	Item	Steel ribbon mixer . Great for sealant, paint, adhesives, coatings and more. Works in 1/2' or larger drills.	
Aluminum Placer	Item	Aluminum concrete placer with a 19.5" x 3.75" head and a 60" handle.	
Octagon Placer	Item	Aluminum concrete placer with a 19.5" x 3.75" head and a 60" octagon handle for increased strength and grip.	

Aluminum Placer with Hook	Item	Gold anodized aluminum concrete placer with a 19.5" x 4" head and a 60" handle. The head features a hook for moving rebar and mesh while laying concrete.	
Xylene	Pail	Strong solvent that thins oil based paints and epoxies, cleans tools and sprayers, and removes adhesives and waterproofing agents.	Product Data Sheet
Hardware	Unit	Description	Link
MAX Rebar Tie Wire 19GA 215'	Case	19-gauge rebar tie wire for use with MAX tools. 30 rolls per case.	
L Type Anchor Bolt 1/2" x 8"	Box	Pre bent anchor bolts for securing structural elements to concrete. 50 per box.	
Mesh 6" x 6" - 5' x 100'	Roll	Welded wire mesh roll for reinforcing concrete sealer for durable surface finish.	
Linden 2" Rebar Chair	Bag of 50	Plastic spacers used to support rebar at a 2" height	
Linden 4" Rebar Chair	Bag of 50	Plastic spacers used to support rebar at a 4" height	
Linden Rebar Chair Sand Plate	Bag of 50	Plastic sand plate for use with Linden rebar chairs	
Wire Loop Ties	Roll	Roll of 2,500 wire loops for hand tying rebar	
Blocks	Unit	Description	Link
Regular & Flat Tops	Item	Dimensions: 5' x 2 ½' x 2 ½' Weight: 2040kg / 4290lb	
Bench Blocks	Item	Dimensions: 5' x 2 ½' x 2 ½' Weight: 1440kg / 3170lb	
Corner Bench Blocks	Item	Dimensions: 5' x 2 ½' x 15" x 2 ½' H Weight:	
Transition	Item	Dimensions: 5' x 2 ½' x 2 ½' Weight: 1440kg / 3170lb	
½ Block	Item	Dimensions: 2 ½' x 2 ½' x 2 ½' Weight: 960kg / 2112lb
